DETAILED ACTION

Terminal Disclaimer

The terminal disclaimer filed on 16 August 2003 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 09/932,433 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 25 is rejected under 35 U.S.C. 102(b) as being anticipated by Davis et al. (US Patent 5,881,787; hereinafter Davis).

Davis discloses, in figure 3 and throughout the disclosure, an apparatus (100) comprising:

- a flap (103) that is movable from a first angular orientation to a second angular orientation; and
- a magnetic material disposed on the flap (203), the magnetic material having a stepped pattern (411).

Allowable Subject Matter

Claims 1-24 are allowable over the prior art.

The following is a statement of reasons for the indication of allowable subject matter: The best prior art of record discloses a microelectromechanical apparatus comprising a base and a flap coupled to the base, wherein the flap moves from a first angular position to a second angular position. However, the prior art fails to teach or fairly suggest the flap being in the same plane as the base and moving to a second angular position such that the flap contacts at least one sidewall of the base as claimed in claims 1 and 21. Claims 2-20 and 22-24 are allowable by virtue of their dependence.

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth Gemmell whose telephone number is (703) 305-1937. The examiner can normally be reached on Monday-Thursday 6:30-5.
